Module 1

Finance and Financial Mathematics

The textbook for the Module 1 examination was rewritten in November 2018 to take into account important syllabus clarification and errors in the old version of the textbook. If you have purchased your study material since that date then there are no errata and the remainder of this document is not relevant to you.

If you purchased your material for the Module 1 examination prior to November 2018 then the following information is relevant to you.

Errata

Chapter 4, page 53

The final expression in the box at the bottom of this page should be Xv^t instead of Xv^n .
